Policies are backed by an A-rated reinsurer out of Lloyd's of London.

Wind and Hail Insurance, Reimagined for You

Fair prices. Fast payouts. Full peace of mind

Protection designed to safeguard
your home and your wallet.

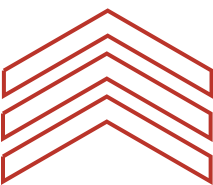

Let Sola Be Your Solution

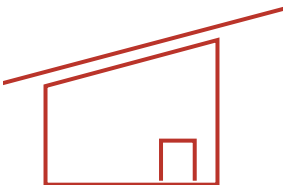

Our Goal

Built to be your most affordable and reliable insurance, Sola’s policy helps cover your home insurance’s wind/hail deductible and related out-of-pocket costs. We use National Weather Service data to identify and pay wind/hail claims, eliminating the need for adjusters, simplifying the claims process, and reducing costs for you.

High Deductibles?

Sola helps offset higher wind/hail deductible costs by matching your coverage to your home policy.

Depreciated Roof?

Sola helps cover your roof in case of wind/hail damage, filling the gap left by roof depreciation.

Increased Premiums?

Lower your premiums by raising your wind/hail deductible without losing protection.

Sola Is Your Solution To Wind/Hail Deductibles

Events like wind, hail, and tornadoes can leave you with steep out-of-pocket expenses.

Sola helps offset those costs by matching your wind/hail coverage to your home policy’s deductible.

- Offsets wind/hail deductibles by matching your home policy.
- Protection beyond deductibles and depreciation for repairs.
- Save premiums by raising deductibles while staying covered.

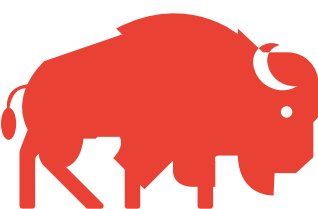

Understanding Policy Payouts

Qualifying factors for wind, hail, and tornadoes

With Sola, you get paid a full dollar amount, with no deductibles. See the chart below to identify if your claim qualifies for a payout.

Wind/Tornado	For \$25,000 Policy Limit	Hail	No Tiers
200+ MPH / EF5	\$25,000.00	*65% Hail Score For Payout Pays Your Desired Policy Limit	
165-200 MPH / EF4	\$15,000.00		
136-165 MPH / EF3	\$10,000.00		
111-135 MPH / EF2	\$5,000.00		
86-110 MPH / EF1 & EF0	\$3,000.00		

*The **Hail Score** is determined using National Weather Service data, measuring both hail size and the duration of impact on a home. A score of 65% indicates a storm with significant hail size and duration, reflecting meaningful impact.
